CABINET OFFICERS TO PROBE H. C. L. NAME COMMITTEE

After Investigating They
Will Make Report To
President Wilson.

SENATE AND HOUSE CONSIDER VARIOUS RELIEF MEASURES

These Include Stopping
Speculation and Reduc-
ing Currency Volume

Washington, Aug. 1.—A committee to conduct an investigation of the high cost of living and report to President Wilson was appointed at the conference yesterday of cabinet officers at the office of Attorney General Palmer. This was announced today at the White House.

Composing the special committee are Director General Hines of the railroad administration, Federal Trade Commissioner Colver and Assistant Secretary Leffingwell, of the treasury department. Mr. Palmer conferred with Secretary Tumulty at the White House today and he said afterwards that the work of the special committee would be to embody all suggestions into "a comprehensive program, attacking the high cost of living all along the line, by way of the law of enforcement and the law of suggestion," he added that natural causes for high living costs were accelerated by other causes, commonly known as "profiteering."

With the cost of living problem put squarely up to them as the chief factor in the social unrest throughout the country, officials of the government, executive and legislative, today were pondering the situation in an effort to devise some action that would result in lowering the prices of the necessities of life—particularly food.

While cabinet officers and heads of various governmental agencies who were summoned to a conference by Attorney General Palmer late yesterday to make a survey of the problem with a view of deciding what should be done by the law enforcement machinery to curb profiteering, were seeking facts to submit at a further conference next week, both the senate and house were considering various relief measures.

Resolutions proposing investigations from various angles have been introduced or are in prospect, while some suggest specific action.

One of these would request the attorney general to stop speculation in food on exchanges, another would reduce the volume of currency in circulation as a means of deflating prices, and still another would have this year's wheat crop sold at market prices instead of at the government's guarantee, the loss to be made up by the government.

CLEVELAND FINDS DEALERS FIX PRICES

Cleveland, Aug. 1.—The first big gun in the county offensive against food-hoarding and profiteering was fired morning when County Prosecutor Doerflinger asked Judge Samuel E. Kramer, presiding in common pleas court, to call the grand jury into special session immediately to expedite prosecution of Cleveland food dealers against whom evidence of illegal trafficking in foodstuffs may be found.

UP TO THE ALLIES TO FORCE OUT BELA KUN

Vienna, Wednesday, July 30.—Unless the allies assume a definite policy for forcibly expelling Bela Kun, the Communist leader, it is believed by Americans here who are aware of the situation, that he will continue as dictator indefinitely.

The allied representatives here have done all in their power in an attempt to reason with Bela Kun, and to move his patriotism to persuade him to deliver the government into the hands of the socialists, rather than those of a few minority Communists. There have also been various conferences between General Boehm, the Hungarian war minister, M. Agoston, the Hungarian people's commissary, and other reliable socialists in an attempt to evolve a reasonable plan but so far Bela Kun continues to parley without conceding.

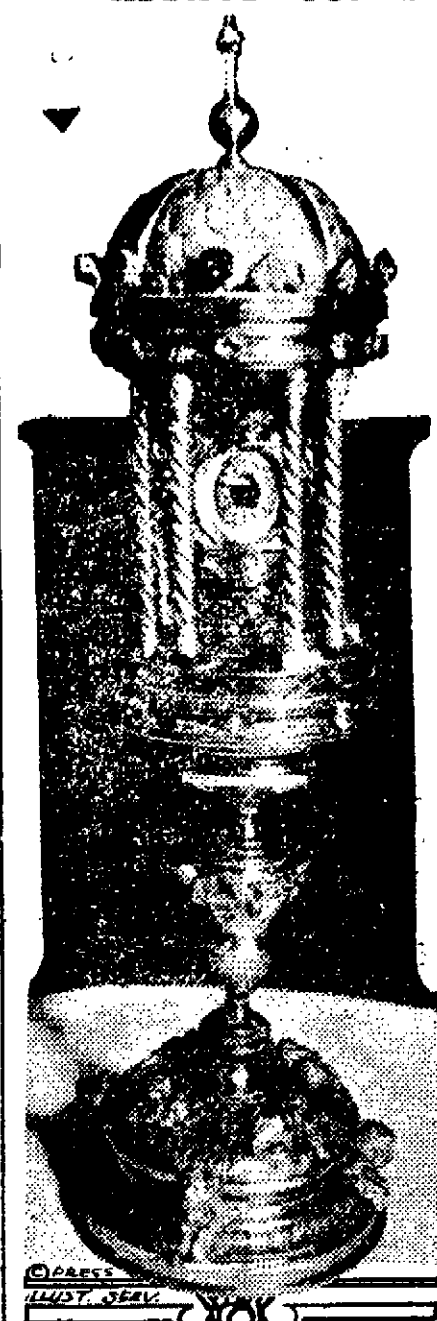

Bela Kun is said to feel that his position is stronger because of the new harvest coming in which gives the Soviet more food, especially as thousands of Hungarians continue to flee, thus making fewer mouths to feed.

President Seitz of Austria, said today that his country would not be quiet so long as Bela Kun was permitted to disturb her politics. He said that Hungarian soldiers were inciting disorders and that requisitions of private houses in cities and villages were going on near Vienna.

POTTERS CONFER TO MEET MEN'S DEMANDS

East Liverpool, O., Aug. 1.—The United States Pottery Association issued a call today for a conference of members at Pittsburgh, August 5, to consider demands of the 8,000 members of the national federation of operative potters for a 25 per cent increase in wages. The present two year wage agreement between the brotherhood and manufacturers expires October 1 next.

HOLY RELIC USED ON THOUSANDS TO AFFECT "CURES"

Holy relic used by Rev. John H. Southwick.

This holy relic, used by the Rev. John H. Southwick in his healing work during the solemn "Novena," held at St. Ann's church, New York, is said to have made many cures. It was brought from Rome twenty-five years ago and during the infantile paralysis epidemic was used with remarkable success. Ten thousand soldiers were blessed with the relic during the world war. It is applied to the affected portion of the sick person. It is expected fifty thousand persons will be blessed by it at St. Ann's this year. Forty thousand asked its healing powers last year.

WHY THE CHARGE FOR INSTALLATION

Public Utilities Commission
To Inquire into Charge
For Placing Telephone.

Columbus, Aug. 1.—With the return today to the owners of the telegraph and telephone systems from an old to a new location. In its order instituting the inquiry the commission recites that it has under consideration the reasonableness of the charge now fixed, or the necessity for any charge at all, for the placing of a public hearing at Columbus at which representatives of the public and the telephone companies will be given an opportunity to be heard.

The "installation" or "service" charges are made for the installation of new telephones and for removal from an old to a new location. In its order instituting the inquiry the commission recites that it has under consideration the reasonableness of the charge now fixed, or the necessity for any charge at all, for the placing of a public hearing at Columbus at which representatives of the public and the telephone companies will be given an opportunity to be heard.

LONDON BOBBIES ARE OUT ON A STRIKE

London, Aug. 1.—The Daily Herald, a labor organ, in a list of cities says today that the London men struck with dramatic suddenness and startling unanimity implying that the whole force responded to the call. This is contrary to all other newspaper reports, which say that the call was generally ignored.

General Sir Nevill Macready, chief commissioner of police, is quoted as saying an incident that less than 200 men had struck and that these will be dismissed and never reinstated. Marston, chairman of the policemen's union, was among these men.

The Scotland Yard authorities informed the Associated Press that up to 8 o'clock this morning only 536 of the entire metropolitan force had failed to report for duty and only one member of the city police.

AUSTRIA WILL FILE COUNTER PROPOSALS

St. Germain-Laye, Aug. 1.—The counter proposals of the Austrian peace delegation to the peace terms of the allies and associated powers will be presented to the supreme council of the peace conference Monday or Tuesday next. The Austrian plenipotentiaries are actively engaged in the preparation of these counter proposals.

CHICAGO RIOTS ARE AT AN END CITY IS QUIET

The Total Number of Dead
Reached 32—No Casualties
Last Night.

DRASTIC ACTION WILL FOLLOW SIGN OF RENEWED TROUBLE

Troops Are Ordered Not To
Relinquish Their Vigilance.

Chicago, August 3.—With state troops in full control in the "black belt" of Chicago, the rioting that terrorized that section for four nights was pronounced by state and city officials "at an end" today. The total dead is 32—18 negroes and 14 whites. The total of the injured has not been officially tabulated, but is known to be more than 300, and may exceed 500, as many slightly hurt went to their homes without reporting to the police.

Adjutant General Dickson said today that the situation was well in hand and that while the embers of race hatred were doubtless still smoldering, he feared no further outbreak. However, he said, the commanders of the 6,000 state troops in the riot-zone were under orders not to relax their vigilance and to "act promptly and decisively" at the first indication of a renewal of the outbreaks.

The night developed no serious disorders. A few negroes who had started the work of reconstruction. Supplies were taken into the riot area today. No fresh meat or vegetables have been on sale there for five days. In order that the babies might not suffer, City Controller Harding sent 2,000 bottles of milk into the district.

NO AUTHORITY TO CONTINUE WAR RATES

Lansing, Mich., Aug. 1.—In an opinion rendered to the Michigan public utilities commission, Attorney General Groesbeck declared congress had no authority to continue war rates imposed by the federal government for four months after the government relinquishes control of the wire companies. Such an act, the attorney general held, violated the states' right to control intra-state business.

Mr. Groesbeck ruled that the telephone rates in effect before the period of government operation began should be declared in effect as of August 1, the date when congress gave its opinion as to its authority to set aside the Burleson rates without a hearing.

RAILWAY MEN IN A CONFERENCE

No Decision Reached—Local
Linemen Are On a
Strike.

Springfield, Aug. 1.—No decision regarding the demands of the trainmen was reached at the conference between a committee of the men and the officials of the Ohio Electric Railway company was reached this morning. J. G. Gilpin, general manager of the company merely announced that the conference had been postponed until next week, refusing to state the definite time. He would not discuss the results of the conference nor disclose the demands made by the men.

Later today it was learned that the trainmen are asking for an increase of 10 cents an hour. They are now receiving 45 cents. Some of the men favor striking if their demands are not met, while others favor giving the company several days in which to act.

The conference will be resumed Monday, and it was stated this afternoon that both sides hope for a settlement which will avoid a strike.

NEWARK LINEMEN OUT ON STRIKE

The Ohio Electric strike situation is quiet here today with the exception of the six linemen who are out on strike following a demand for an increase in wages. The local cars in Zanewsville were not running this morning and there will not be any lights there this evening, it is said.

J. F. Leedy, local president of the union, is still in Springfield attending the conference between the interurban men and the Ohio Electric officials.

MINISTERS TELL OF THE IMPOSED GERMAN TERMS

Paris, Thursday, July 31.—An official report of today's meeting of the chamber of deputies peace treaty commission says that Louis Klotz, minister of finance and Louis Loucheur, minister of reconstruction, were heard. M. Klotz set forth the complete conditions imposed on Germany to assure full restoration for damages to the persons and property of the allies and their assistants. Although the first payment of 200,000 marks in gold was not due until 1921, M. Klotz said, an independent sum would be handed over in the nature of production, payment in which form had already begun.

Yesterday's Sale Breaks All Records.

All records for the sale of War Savings Stamps were broken at the Newark postoffice yesterday when in eight hours the sum of \$20,957.85 was taken in exchange for W. S. S.—the world's best investment. Previous sales for the week beginning Friday, July 25, bring the week's cash total up to \$48,778.19. To this total is to be added the sales made by the seventeen banks of the county and that of the Granville postoffice. It is probable the week's cash sales will reach \$60,000—the largest sale of the year.

The tremendous business of the past few days has been a great boost to Licking county in its race for the Victory Shaft and to James G. Cooper, mail carrier, in the letter carriers' contest.

Licking county today enters the last third of the 90-day race for the memorial shaft, still leading every county in Ohio and Cooper is still at the head of 100,000 mail carriers in W. S. S. sales. While the shaft contest runs until Sept. 1, Cooper's race will close on August 9.

The only thing that can keep Licking county from winning the Memorial Shaft and take the honors away from Cooper is over-confidence. Buy W. S. S. now and keep Old Licking and Cooper in the lead.

Five hundred men of the War Work organization will get in the drive Aug. 12, 13, 14 and when they get started there will surely be "something doing", because the men of Chairman E. C. Wright's war organization know no such word as fail.

Buy W. S. S. now and urge your friends to buy. Let's make Cooper and Licking county both win. It can be done.

FAMOUS SECOND DIVISION LANDS

First Unit Arrives, Others
On Sea—Division Captured
Greatest Number
of Prisoners.

New York, Aug. 1.—The first unit of the famous second division to return home—the Ninth regiment of infantry, 121 officers and 3,973 men—arrived here today from Brest on the transport Princess Matloka.

All other units of the division now are on the seas. On the transport George Washington, due Monday, are Major General John A. Lejeune, commanding the division, and Brigadier General Wendell C. Neville, commanding the fourth brigade, which comprises the fifth and sixth regiments of infantry. The George Washington carries the fifth regiment of marines complete, 159 officers and 3,714 men; the supply company and second battalion of the sixth regiment and a number of smaller units.

The 23rd regiment of infantry, 118 officers and 3,049 men is on the transport Virginia, due at Newport News next Tuesday. The Julia Luckenbach, due here Tuesday, is bringing the 11th field artillery, while the transport Rynndam, due the same day, has on board the 17th field artillery. Other units of the division are on the transport Santa Clara and Finland due here early next week.

The second division has gone through some of the hardest fighting of the war. It first went into the purposes in the spring of 1918 and was later shifted to the Chateau Thierry sector where, at Belleau wood it was instrumental in checking the German drive on Paris. It was in the fighting around Belleau wood that the division gained the sobriquet of "devil dogs" from the Germans. Later the division took a prominent part in the St. Mihiel and Meuse-Argonne offensives.

The division captured 25,078 prisoners, the largest number taken by any American division and it sustained 35,026 casualties, almost 10 percent of the total for the entire American expeditionary forces. Through casualties it lost more than the original division contained. It captured 150 machine guns and a vast quantity of other war material. The division, including Major General Mark L. Hersey, divisional commander arrived here today from Brest on the transport Mount Vernon. The other generals were Brigadier General Benjamin E. Poor, Brigadier General Marcellus G. Spinks and Brigadier General Maline Craig. Among the units on board were the 58th infantry complete.

LENINE TO REFORM AND THEN RESIGN

Stockholm, Aug. 1.—The Svenska Paktblad is informed by persons closely connected with the Russian Soviet government that Nikolai Lenin, the premier, intends to begin a drastic change of policy and then retire. The conditions of his retirement will be that Leon Trotsky, the Bolshevik war minister, be left in command of the Red army.

At recently held meetings of the Soviet commissaries, the question of giving Lenin a mandate for the election of giving power into the hands of other socialists was earnestly discussed, but Lenin declared that the best way to check reaction as represented by Admiral Kolchak, head of the All Russian government, was to make Lenin's power. Lenin's views were shared by George Tchitcherin, the commissary for foreign affairs, M. Skoutchka, commissary of justice and Professor Federovskiy commissary of the interior.

GERMANS DURING BACK TO THE FATHERLAND

Berlin, August 1.—So many refugees are arriving at every German city and village from territories taken from the empire that the communities in (translating) are forbidding their residences because of lack of buildings. The government therefore on Thursday issued an order that all communities must accept refuge Germans from foreign countries and returning prisoners of war.

POLITICAL SCIENTIST TESTIFIES FOR FORD

Mount Clemens, Mich., Aug. 1.—Still another expert, this time Francis W. Coker, professor of political science at Ohio State University, took the witness stand today in behalf of Henry Ford, who is suing the Chicago Daily Tribune for \$1,000,000 on a charge of libel. Professor Coker said he had read the Ford pacifist advertisements, "Humanity and Sanity" concerning preparedness, and the articles in Mr. Ford by Edward Marshall, John Reid, Willis J. Abbott and Charles N. Wheeler, and the expert testimony by Professor Reeves, Professor Dunlap and Bishop Williams. Attorney Alfred Lucking, senior counsel for Mr. Ford, opened the examination. Witness first took up the assertion of Mr. Ford that "war is murder," which counsel for the Tribune claim is an anarchistic sentiment.

"It has been so characterized by many authors," said the witness, "Vladimir Hugo, Martin Luther, James Russell Lowell, Douglass Jarrold, Voltaire and frequently in the proceedings of peace societies."

Ministers of the gospel very largely regard war as murder, the witness said. William E. Channing, Lyman J. Abbott and others.

"So the belief that war is murder is not peculiar to anarchists?" asked Mr. Lucking.

"It is not," responded the witness. "The opinion is held by men of all shades of belief and unbelief."

BOLSHEVIKS CLAIM 14-MILE ADVANCE

London, Aug. 1.—Successes for the Bolsheviks in the Omega sector of the Archaigol front are reported in a Soviet official statement sent by wireless from Moscow. The statement declares the Bolshevik forces have advanced 14 miles, aided by a mutiny among the allied troops.

PROTOCOL TO THE GERMAN TREATY TO GO TO SENATE

With Correspondence Was
Referred to Foreign
Relations Committee

ENEMY ALIEN PROPERTY CLAUSE CAUSES DISCUSSION

Treaty Between Powers and
Poland Put In Senate
Records.

Washington, Aug. 1.—The protocol to the German peace treaty, defining explanations of the treaty agreed to in memorandums exchanged between the German and allied plenipotentiaries will be laid before the senate today by Vice President Marshall. The documents were transmitted yesterday to President Wilson but to late for submission before today.

The protocol was accompanied by explanatory letters from President Wilson and Secretary Lansing. The protocol and the correspondence were referred to the foreign relations committee.

Among the provisions in the protocol is one requiring that the German government transmit to the allied and associated governments within one month after the treaty becomes effective, a list of persons who are accused of having committed acts in violation of the laws and customs of war.

Another paragraph provides for the appointment of a commission to supervise the destruction of the German fortifications on Heligoland in accordance with the German treaty. Provision also made that "proceedings be taken against persons who committed punishable offenses in the liquidation of German property" in the allied countries and the protocol says the allied and associated powers will welcome information or evidence the German government can furnish on this subject.

Washington, Aug. 1.—The Versailles treaty providing against enemy alien property, which Republican senators declare "validate" beyond legal recourse, all the acts of the enemy alien property custodian, still were under question today. These senators are understood to have framed their reservations under the lead of Senators McCumber, North Dakota and McNary, Oregon, believed they had found the middle ground insuring acceptance of the league with qualifications to further safeguard national interests.

A copy of a treaty between the Big Five powers and Poland, said to have been signed at Versailles on June 28, was signed in the senate today by Chairman Lodge, of the foreign relations committee who said it had been submitted to the British parliament two weeks ago.

The text of the agreement between President Wilson and representatives of the other big powers for government of the Rhine district also was presented by Senator Lodge, who said he had received a copy privately after the document had been presented to the British parliament.

W. S. S. SALES RECORD SMASHED AT NEWARK POSTOFFICE JULY 31; NOTES ON THE SHAFT DRIVE

In eight hours yesterday the Newark postoffice took in \$20,957.85 from the sale of War Savings Stamps, making the total for the week \$48,778.19—a record for the year. The Granville postoffice and banks' sales will probably increase the total to about \$50,000 for the week. This remarkable business in W. S. S. this week increases Licking county's lead in the Victory shaft contest and strengthens J. G. Cooper in his mail-carriers' race. Cooper's contest closes August 9, but the shaft race continues during August. If you want to see Cooper win and want to bring the Victory shaft to Licking county, keep right on buying W. S. S. during August.

Geo. M. Fenberg, city manager of the war-work organization, W. S. S. drive that is set for August 12, 13, 14, reports sales organizations completed in nine more Newark institutions as follows, making twenty to date:
Licking Creamery, Walter Green, Perry Farmer, leaders; Holophane company, W. A. Anderson; Licking Laundry, T. O. Speck; American Motor Truck Co., Fred McCollum, E. B. Alapach; Pharis Rubber Co., Fred Hall, A. A. Bishop; Styron-Beggs Co., J. L. Myers; Newark Telephone Co., Ralph Bradley; A. H. Heisey & Co., Oscar

Brown, Jacob Huonker, Charles Brown, Harry Diwalt and John Maurer.

Mr. Fenberg has been very successful in every plant he has thus far visited.

They say that the B. & O. railway men are getting ready to "hit the line" hard next week. The B. & O. men made a great record in the Liberty bond drive and they are planning a W. S. S. smash along the same line.

We are now off on the last heat of the 90-day race for the Victory shaft. In 30 days the location of the \$10,000 soldiers' memorial will be decided. Licking county leads and is in a fair way to win if the present pace is continued.

This is the month in which to buy W. S. S. After August 31 it will be too late for purchasers to count in the shaft contest.

Complete July figures on W. S. S. sales in some of the counties are not reported as yet, but there is no doubt that James G. Cooper, Licking county mail-carrier, is leading in the letter-carriers' race. This contest ends August 9. Sales are credited to Cooper at the Newark postoffice when the purchaser so requests, or stamps may be bought

of Cooper personally if a message is sent to his home, 209 North Gay street, Auto phone 5342.

Additional members of the Limit club, buyers of 200 W. S. S., are: James W. Rutledge, Oliver Whitehead of Pataskala, Rutledge Brothers, clothiers; Valentine Bickel, R. D. 6, Pataskala; American Bottle company, O. C. Jones, Harry G. Miller, John Miller, C. W. Miller & Co., Mrs. Merrill Montgomery.

Frank A. Bolton, one of the attorneys in the case, says that a court entry has been made permitting Walter C. Metz to invest in 200 War Savings Stamps out of the gas escrow fund which he holds. A short time ago Solicitor Ashcraft and Edward Kibler obtained an order permitting Bert O. Horton, as trustee, to buy 200 stamps out of the telephone escrow fund.

"Rosey" has just painted a big Victory shaft and lettered a poster for the large billboard in the courthouse park. W. W. Rugg will have the new poster displayed soon.

In thirty minutes yesterday noon W. S. S. sales amounting to \$700 were made at the Newark postoffice.

Byron L. Hawke, cashier of the Hebron bank, who was in town yesterday, says there is no doubt that Hebron and Union township will do their full part towards winning the Victory shaft for Licking county.

Charles L.H. Long, editor of the American Tribune, will present the W. S. S. proposition at the Grange meeting in Mountbushers park tomorrow. Mr. Long is an enthusiastic booster for War Savings Stamps.

It isn't wise to give the amount of mail-carrier Cooper's W. S. S. sales just now, but is enough to say that he is leading the whole crowd. The carriers' contest ends one week from tomorrow.

CABINET OFFICERS

(Continued From Page 1)
food-hoarding and profiteering, was being collected this morning by County Prosecutor Doerflinger.

The prosecutor said he has reliable information that certain food dealers in Cleveland are in combination in restraint of trade to fix prices of food-stuffs and keep them at an exorbitant level. He was making a personal investigation into the alleged combination, while assistant prosecutors were visiting the stores of the dealers and to be prepared to the combine collecting data and statistics.

If allegations that have been made concerning the price conspiracy prove true, I shall ask judges of common pleas court for an immediate session of the grand jury and shall spare no effort to indict and convict every Cleveland dealer who is a part of the combination," Doerflinger declared.

The prosecutor said any combination that is formed to keep the prices of food necessities soaring is in direct violation of the Valentine anti-trust law which provides a fine from \$50 to \$500 and imprisonment for from one to five years upon conviction of illegal practices in the traffic of butter, flour, bread, eggs and vegetables.

JUDGE BLAIR HERE ON PAVING CASE

Hears Case On Its Merits—
Contention Over Paving
East Main Street With Asphalt.

Judge Park B. Blair of Mt. Vernon is in the city today hearing a case on its merits which involves the improvement of East Main street between the B. and O. tracks and Cedar street.

A contract was let by the city over two years ago to the Federal Asphalt company for resurfacing that street by the laying of asphalt but later the government would not release material on priority orders and the company asked for a release which was granted some time ago by the city council.

Later it was decided to proceed with the improvement and the necessary legislation was passed and the contract was again let to the Federal Asphalt company at an advanced price of about \$25,000 over the old contract, caused by increased price of material and labor.

Residents along the improvement then sought to enjoin the company from proceeding with the improvement and asked that brick be used in place of asphalt, reducing the cost of construction. An injunction proceeding was brought against the city by George Fromholtz and others and Judge Blair is hearing the case and will probably announce a decision after the arguments of the attorneys. The plaintiffs are represented by J. Higginson, Montgomery & Black and Henry R. Jones of Columbus and the city by City Solicitor H. C. Ashcraft and prosecuting Attorney Charles L. Elton.

LOOK FOR SHAFT ABOUT SEPT. 10TH SAYS SEC'Y KELLEY

The Licking County War Savings committee today received the following telegram from Secretary Kelley of the Ohio State committee:

"If the people of Licking county continue to respond like they did the week ending July 1, we will send a bill of lading to Vermont Quarries Association with instructions to ship promptly to Newark. Look for a flat car on a railroad siding containing one granite Victory shaft on or about September 10."

NATIONAL STRIKE OF RAILROAD SHOP MEN

Chicago, Aug. 1.—A nation wide strike of railroad shop men was called today by the federated shopmen's union. It was set for 10 o'clock and shortly after that hour messages received at union headquarters here told of walkouts at Atlanta, Ga., Jacksonville, Florida, Boston, Philadelphia, Denver and other places.

WANT COMMISSION SPECIALLY NAMED

To Pass on Wage Increase
For Railway Employees—
Asks Congress to Act.

Washington, Aug. 1.—President Wilson today asked congress to create a special investigating commission to pass on the wage increases asked by the railway shop men and other railway employees.

President Wilson wrote the committee chairman that he concurred in the view of Mr. Hines that the legislation undertaken should authorize the body thus set up to make its findings with regard to wage increases retroactive to the first of August, 1919, at any rate "to the extent that the tribunal may regard reasonable and proper in order to give relief to the employees concerned."

Director General Hines informed the president that in as much as the increases being asked by all classes of railroad workers aggregated \$800,000,000 a year he hoped something might be done to reduce the cost of living as an alternative, because he doubted that his powers were sufficient to increase rates enough to meet the vast sum.

Mr. Hines also asked that the railroad administration be allowed to continue questions of rule and working conditions, saying these could not be satisfactory separated from the current handling of railroad operations.

The president forwarded to Senator Cummins and Representative Esch, chairmen respectively of the house and senate interstate commerce committee, the proposals made originally by Director General Hines, and asked that provision be made for representation of both labor and the public on the body.

LOCAL RATES ARE NOT CHANGED BY GOVERNMENT RELEASING CONTROL

Government control of the telegraph and telephone offices in the United States ceased at midnight last night and were turned back to the stockholders.

The rates outside of Ohio will remain the same as those agreed upon by an act of congress but will revert back to the prewar basis in this state.

Manager Robert L. Rhodes of the Western Union Telegraph company stated today that he had received no instructions regarding a new rate sheet and the same conditions prevail at the Postal company.

Manager Charles Hollander of the Newark Telephone company stated that his instructions from the government were that the same rates now in effect would prevail until December 1, according to the act passed by congress and the same applies to the Central Union Telephone company.

VILLA DENOUNCED BY HIS OFFICERS

Declare He Deceived His Men Regarding American Attitude Toward Attack On Juarez.

El Paso, Tex., Aug. 1.—Francisco Villa's army which advanced on Juarez with the intention of conquering northern Mexico and establishing a rebel government in the north, retired before United States troops badly demoralized and disorganized, say deserters, impressed soldiers who escaped and civilians who saw them at Villa Ahumada.

After two days and nights of intermittent fighting for possession of Juarez, Villa had depleted his ammunition supply. A member of his staff who came to the border after the retirement, said many of Villa's men had no ammunition. Only Villa's bodyguard had more than 100 rounds. Soldiers had thrown their rifles away while crossing the desert with the American cavalry in pursuit.

Villa's telegrapher, who escaped from Villa at Villa Ahumada, reported to Mexican officials in Juarez that the rebels were without food, and that their morale was very low. Desertions took place among Villa's men after the Juarez battle. Martin Lopez who led the fighting in Juarez, is said to have denounced Villa and accused the bandit leader of deceiving his men into believing the United States government would recognize the Villa revolution and American troops would not molest them when they attacked Juarez.

Another report reaching the border stated Villa selected 200 picked men from his forces and started south toward Parral, announcing that "he could not fight the Americans," and saying he was going back to the mountains. Villa's activities in the vicinity of Parral recently would tend to confirm this report. General Angeles was reported to have separated from Villa and to be hiding in the hills near the border.

Villa partisans here denied that Villa's army was demoralized. They say one of Villa's tricks is to scatter his forces after a battle and then reassemble them when he is ready to conduct another campaign. Pilar de Conchos, on the Conchos river near Parral, is said by Villa's agents here to be the rendezvous for Villa's forces and all of his bands are drifting in that direction.

MEX. GERMANS GET REAL NASTY

German Paper in Mexico Prints a "Catechism of Hate" On Day the Peace Treaty Is Signed.

Mexico City, July 8.—(By Mail)—A "catechism of hate" was printed in the Deutsche Zeitung von Mexiko and revenge was threatened in an article accompanying it. The article was a reprint of the German republic signed the peace treaty at Versailles. The paper, printed in German, is generally believed to voice the opinions of the Pan-German, irreconcilable element of the German colony in Mexico. Translations as part of the article follow:

"The day of revenge of the German people is not far off. We shall do good to practice patience until the day of revenge has arrived. Revenge must be coldly consummated. In order to prepare ourselves quietly for it, we need a catechism of hatred."

The "twelve commandments" of the catechism summarize in brief form many of the protests which have been heard from German sources since the terms of the peace treaty became known. They deny that Germany wanted war; assert that Germany was right in invading Belgium; attack England for the blockade of Germany; aver that Germany's armies were never defeated, and declare that German honor is insulted by making Germans sign admission of their guilt.

In conclusion, the article says: "These twelve commandments will suffice to prepare us mentally for the day on which the hour of revenge will strike."

Asked if the sentiments expressed in the Deutsche Zeitung's article were those of the entire German colony in Mexico, one of the leaders of the German Socialist party in Mexico declared that they were held only by the older and wealthier colonists, who dominated both the paper and the colony, but that a large part of the colony were willing to accept the verdict of the war and gave their support to the new German government and to reconstruction policies.

GERMANS UNCOVER HIDDEN TREASURES

Coblenz, July 5.—Civilians in Coblenz have recently been bringing to light their stores of silverware and jewelry which have been in hiding most of the time since the Americans came to Germany.

Preceding the American army of occupation were wild reports regarding the khaki clad soldiers and most of the Germans, expecting their home to be plundered, hurriedly placed their valuables in safe deposit vaults in the banks or in their lockers.

Now that the Germans have learned to trust the Americans they are telling how and where their treasures have been hidden all these months.

Hidden beauties of music in the Victor Record catalog

Just because people are not familiar with them, many records which possess real musical beauty remain rather obscurely hidden within the pages of the Victor Record catalog.

It is to be expected that the music which is familiar should be generally selected by record purchasers. The "great masterpieces" will ever retain their hold upon the affections of music-lovers. But there are many other numbers also distinguished by musical merit as well as by age with which the public is all too little acquainted. Music that once heard will forever charm you with its beauty.

Browse again through the pages of your Victor Record catalog with these less-familiar selections in mind. Mark any which may appeal to you. Or drop in at your Victor dealer's and ask him to play some of the "not so well known" though beautiful numbers. We feel sure you will be rewarded by some real gems of music and entertainment.

YANKEE TROOPS ARE RETURNING WITH CASH

Brest, July 7.—American doughboys sailing from Brest are not returning home without money despite the high cost of living in France. In three days the camp finance of 300 at Brest averaged \$222.40 francs into American dollars for home ward bound Yankee. Thirty thousand returning soldiers and officers carried back to the United States \$1,372,275 on board the transport during the three days. The rate of exchange allowed them was six francs for one dollar. Stockwell, camp finance officer, says it is nothing unusual for his office to exchange two million francs in one day.

Telephone Service.

A REMINDER.

Nearly three thousand homes in Newark have telephones in them at a cost of five cents per day. The police and fire protection afforded by the presence of a telephone in a dwelling is probably worth that. If that be so the telephone really costs nothing for all other purposes.

Of course such reasoning, as a basis for rate making, is somewhat specious. We do not offer it as conclusive evidence that five cents per day is too much or too little. We are simply attempting to remind our patrons of some of the reasons why they have a telephone, which reasons are sometimes over looked.

MANY INQUIRIES ABOUT THE RACE

Big Card Scheduled For Motorcycle Events at the Park Sunday.

Newark is being placed on the map in the motor world and every day the promoters of the motorcycle races are receiving inquiries about the races which are scheduled to take place next Sunday afternoon at 3 o'clock at Mountbushers Park.

Some of the best-known riders in the state have entered and the motorists will far exceed that of several weeks ago. Hundreds of riders will journey to Newark from the surrounding towns and it will be a reunion of the speed demons from all the surrounding towns and cities.

There are to be six events for substantial prizes which also include two races for sidecars, the distance being five miles each. There promises to be many starters in each race. The track is being placed in fine shape and a number of the riders have already declared that they are going out for records.

The first event will be a two-mile affair and it will be followed by a five-mile sprint. Then comes the two 10-mile races and the entries show that several more drivers will participate. This will be followed by the sidecar program of two races of five miles each and there will probably be a dozen starters, for there is less danger in driving the side-wheelers.

A nominal admission will be charged at the gates and police officials will be on hand to maintain order and also to look after the gates and keep these people away who have a habit of trying to sneak through the fence.

KIWANIS TAKES BASEBALL SERIES

Defeated Rotarians For the Third Straight Game By Score of 12 to 7.

When they tied the Rotarians' scales to their belts last night, the Kiwanis club took the baseball series and the third straight game from the Rotarians.

The game was played at the White Athletic field by a score of 12 to 7. The other games were won by Kiwanis 10 to 3 and 13 to 10.

The Rotars with the first hope in view put in Fletcher Hutchinson in an effort to stem the tide of defeat. But the Kiwanis with victory in sight, went after Hutchinson, hammering out base hits for a total of 12 runs. Woodward for Kiwanis maintained his reputation as a pitcher of cures and the Rotarians were able to push across only 7 runs and this after the game had been safely tucked away by Kiwanis.

Weekley started at the bat with four hits and Woebuck followed with three, while every man on the Kiwanis team got one or two hits. Montgomery made a nice running catch of a foul near the center field fence and Fletcher Scott ran bases like a Coby.

Every Rotarian played good baseball, but the shining lights were Lytle and Barnes, both hitting hard. Lytle hit a home run in the fourth inning, driving the ball for the longest hit of the series and the longest hit of the season. The Rotars' loss was small, only about 100 fans were present of the rain, but the rooting was just as lively as that at the other games.

SAYS LEAGUE IS ONE OF HONOR

Secretary Lane Declares It Is a Pact Which Honor of Nations Makes Binding.

Washington, July 31.—Patriotism of men who hold different views on the wisdom of ratifying the League treaty including the League of Nations covenant is not to be challenged "so long as they think above the plane of partisanship," Secretary Lane declared here tonight before a mass meeting of government employees.

"It is not an easy question to answer," Mr. Lane said, adding that it was one "to which we wish an American answer."

"And it takes courage," he declared, "whether we stand still and risk the scorn of a waiting, eager world, or break through our inertia and take the step that leads to a multitude of new relationships and possible obligations."

The view of the ordinary citizen the Secretary said he thought was that as many obstacles as possible be put in the way of the nation to make war "but to be left as free as possible to follow our own designs, knowing that these do not endanger the peace of the world."

"We will not hazard our national life or the right of our people to determine their own institutions and destiny," he said. "But with these safeguards we will go far for the sake of the world."

"Democracy after all is but a counting of noses," Mr. Lane said, "and we may presume much for a policy which the chosen leaders of two hundred and fifty million of the most civilized of the world's people have endorsed."

Mr. Lane said he believed everyone would have preferred that the League should have been born "in a different way, at a different time." When Theodore Roosevelt returned from his trip to Africa he added, the former president made the strongest appeal any national leader voiced "for such a league."

"Then was the day for its creation," Secretary Lane continued. "But the world did not see the danger it was in." Such men as President Taft and Mr. Root committed themselves to the project then, Mr. Lane said, but the stern figure of the Kaiser backed by his standing army of two million men stood in their path. William Jennings Bryan, as secretary of state, had moved in the same direction with his negotiation of arbitration treaties, Mr. Lane continued, adding:

"Let us be frank. We of America didn't take these efforts of Mr. Bryan with any degree of seriousness. We thought him a noble minded visionary. Yet his plan is incorporated as the first step of the pyramid of the present league."

It was not until the war came that any but tentative steps could be taken toward the formation of a peace league, Mr. Lane said, and if the president had not made the effort to secure it "we would have said he was a quitter."

DOCTOR ADVISED LITTLE INVALID TAKE NERV-WORTH

The Trouble Began When 8-Year-Old Boy Fell and Crushed Arm.

Parents of small sufferers from nervous distresses will do well to weigh this clear proof of Nerv-Worth's remarkable power. It was given very recently by Mrs. L. F. Clifton of Zanesville, O., to her druggist:

Fog's Drug Store—My little 8-year-old son fell from an apple tree and his left arm was badly crushed. The shock was severe and left him in a very nervous condition. The attending doctor advised me to give him Nerv-Worth and I noticed an improvement from the start. Now, after he has taken three bottles, his nervousness has entirely disappeared and his arm is as good as new. Nerv-Worth is surely fine for nervous stomach troubles and I heartily recommend it.

MRS. L. F. CLIFTON.

Your dollar back if Nerv-Worth does not help you. T. J. Evans sells Nerv-Worth in Newark.

LADY SUFFERED FOR TWO YEARS

Stomach Trouble Never Let Up on Her for One Single Day Till She Found Dreco, the New Herbal Remedy.

"For two long years I have been a patient sufferer from stomach trouble, constipation and a few other things," declared Mrs. Leola Thompson, the well known and highly respected lady, who resides at 346 1/2 10th St., Newark, O., in a signed statement for publication.

"I have spent many a dollar for medicine and doctor's bills seeking relief from gastritis, dyspepsia, indigestion and constipation. My stomach often became so swollen from the gas that it felt like a rope tied around my body. No matter how careful I was about my food, it was always a constant source of belching, choked up feeling. My nerves became all unstrung, and I never knew a good night's rest. Heavy dragging pains in my back, over my kidneys, became almost unbearable. My liver was sluggish, tongue coated; spots dated before my eyes; my limbs ached and my general health was about broken down."

"I am 52 years old and had given up hope of ever being strong and well again, but I am here today, praising Dreco for the grand, wonderful results it has given me. I am not like the same sickly, puny woman I was before, but feel good all over. Bowels act regularly; my food digests well, with no more gas or sour belching; the pains are gone from my back and limbs, and my liver is active again. Say anything you want to in the papers about Dreco, for you will not be able to fully express my gratitude to this great remedy."

Mr. Powers, the well known Dreco expert, has headquarters at Evans' Cut Rate Drug Store, to meet the local public and explain the merits of this great remedy. See him today.—Adv.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or even between the toes, and the hard skin comes from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

SAFEGUARD TEXT OF FRENCH TREATY

Washington, Aug. 1.—Unusual steps to guard the official text of the French defensive treaty submitted yesterday to the senate by President Wilson, pending final action upon the convention by that body are being taken, it became known today and these precautions will come into effect according to Secretary Sander-son of the senate until it has been finally deposited in the state department vault.

With the text of the treaty, which is the only copy in the United States, and bears the signature of Premier Clemenceau and the grand seal of the French Republic, as well as President Wilson's signature, the iron grating separating the executive clerk from the rest of the secretary's office was ordered closed and locked and all persons entering the secretary's office except those whose identity were known were closely scrutinized. Senate officials also declined to send the treaty to the government printing office, but that printing copies could be made but had a typewritten copy made inside the barred enclosure.

Another precaution was the depositing of the French treaty in a big vault, in the office of the disbursing officer of the senate, which is not only fire, but also burglar proof.

Life would be much sweeter for all of us if we only took advantage of all opportunities, the same as the lemon. Of course we lose our tempers occasionally and look sour when we should look pleasant. That's human nature, but it isn't natural to plod through life with a sour look when a pair of proper fitting glasses will relieve your eye trouble and cause a smile instead of a frown. Discharged From Army.
Howard Keller, son of Mr. and Mrs. Charles J. Keller of South Williams street, returned yesterday from Camp Sherman where he received his discharge from the army. He served overseas a year and was a member of the military police stationed in the Le Mans area. He is in excellent health and saw much of the great war.

Fire Burns Light Pole.
The Central fire department was called just west of the Church street bridge yesterday afternoon to extinguish a rubbish fire on the north side of the road which had evidently been started by boys playing in that vicinity. The fire ignited a city electric light pole and damaged it to the extent that a new pole will be necessary. None of the wires was injured.

FEDERAL BOARD FINDS NO RELIEF IN PRICES
Washington, Aug. 1.—No relief from present high prices is forecast in the federal reserve board's monthly review of business conditions, issued today, which notes that July saw increases in many lines.

"The review said, 'there is a disposition to accept present price levels and to expect a continuation of the prevailing level for sometime to come.'"

In many districts high prices have not served to check demand, but the ability of obtaining goods was found to be of greater moment to the buyer than the price fixed. On the other hand, the board said, the "very great" price increases which have taken place in certain lines have made buyers more cautious, care being taken not to increase unduly stocks acquired at the present price level for fear a decline might occur.

Continued high prices along with constant growth in trade both wholesale and retail, and increased activity in some of the basic industries, sustained confidence in the industrial situation and led to expansion in many lines. Almost the only complaints heard concerning shortage of raw materials, and in a few districts labor troubles, although a majority of the districts report normal labor conditions.

"Instead of a fear of unemployment, which has been expressed during the early part of the year," the board said, "the reports received manifest the fear of an impending shortage of labor."

Conditions in the Cleveland federal reserve district were given as follows: "Continued optimism is based upon favorable conditions prevailing in the steel industry and in agriculture, although the present high price level remains a disturbing element."

TO COMPLETE CONCRETE ROAD THROUGH HANOVER
Work will start immediately on the completion of the concrete road through the Hanover village and will be under personal direction of county superintendent of highways John C. Swartz. The money was paid into the county treasury by the Hanover officials and the material has been ordered. The improvement will join the two concrete roads at the eastern and western ends of the corporation, doing away with the old mud road through the village which, at times during bad weather, was almost impassable.

MAY BUILD TUNNEL UNDER ENGLISH CHANNEL.
Paris, Aug. 1.—The commission appointed by Albert Clavelle, minister of public works to study the feasibility of constructing a tunnel under the English channel, has concluded its work and submitted a report which is favorable to the project. M. Clavelle has authorized the French company which holds the concession for the tunnel to proceed with fresh experiments with the latest piercing machinery.

TWO MEMBERS RESIGN.
Washington, Aug. 1.—Secretary Baker has accepted the resignation of two members of the United States liquidation commission in Paris. Brigadier General Charles G. Dawes and Homer H. Johnson. The department's announcement today said that for the present the commission would consist of the remaining three members, E. B. Parker, chairman and Henry F. Hollis, and Colonel Jack H. Graham.

General Dawes, who is a temporary member of the commission resigned to return to the United States, while Johnson plans to undertake relief in Poland.

DIRECTOR WOLFE QUOTES SCRIPTURE TO W. S. S. CHAIRMEN

Columbus, Aug. 1.—The Ohio War Savings committee has just sent the telegram to the eighty-eight W. S. S. county chairmen in Ohio:

"Napoleon said men are nothing, a man is everything. Chairman Spencer arouse us today as follows: 'This week's cash sales will reach nearly sixty thousand dollars. Newark's postoffice supply of stamps not sufficient for Thursday's business.' Brains, energy, and good publicity plus an indomitable desire to win the Victory shaft, brings all of Licking county to Spencer's call for action. People of Licking county are neither different nor more wealthy than those of any other county. See scripture, Luke, chapter ten, verse thirty-seven, and act upon its precept. County chairmen in Ohio must maintain their position as leaders in the nation. The scripture reference made by Director Wolfe is: 'Go thou and do likewise.'"

DISCUSS RULES FOR NEW INTERNATIONALE

Amsterdam, Thursday, July 31.—The international trades union congress resuming its sessions today discussed rules for the new internationale. The constitution of a bureau, the appointment of officers and the question of the proportional representation on the different countries appear likely to arouse a lively debate. An endeavor to take control out of the hands of the many which hitherto dominated the internationale being in the making.

The draft of the new rules contains a proviso giving one vote for every quarter million workers represented, as against one for each million, as heretofore. The smaller nations would have a representative for a fraction of a quarter million workers.

Samuel Gompers, president of the American Federation of Labor, in his address claimed to represent the Pan-American federation of 21 republics. He declared he felt constrained to say that it was inadvisable, owing to the events of recent years, to group Spain with the Spanish-speaking South American states as the Spanish delegate had proposed.

A regular conference of the international meeting will be held every two years, the bureau to decide upon the place for holding the meeting.

MUST HAVE WHOLESOME IDEAS SAYS MEXICO

Mexico City, Aug. 1.—Mexico will hold open the door to nationals of all countries who can show they possess wholesome ideas of citizenship and will not prove a disturbing element in the nation, President Venustiano Carranza told the correspondent of the Associated Press today in an interview during which the chief executive commented at length on various phases of Mexico's problems.

The president's statement of the government's attitude toward immigration was in response to an inquiry concerning declarations in the press of Mexico City that large numbers of colonists were leaving their European or Asiatic homes because of disturbed conditions due to the world war.

President Carranza gave assurances that Mexico would place no barriers against proper immigration and, in fact, would extend all possible aid to such prospective colonists.

In conclusion President Carranza gives renewed assurance of his personal wishes and those of the government that cordial relations between Mexico and the United States be maintained.

MARSHAL FOCH FEARS PEACE MORE THAN WAR

London, Aug. 1.—Marshal Foch submitting to photographers at his hotel in London yesterday, said to a reporter of the Mirror:

"For me the terrors of peace are worse than those of war. I hate all this posing."

Major General Maxine Weygand, who is accompanying Marshal Foch, said it was for England to decide what should be done with the former German emperor.

"He is covered with shame and ignominy, and branded as a coward," the general declared. "The French people think that that is enough punishment."

GERMAN PRISONERS MAY BE RELEASED SOON

Paris, Aug. 1.—General Pershing said that in his opinion the 48,000 German prisoners held by the American army may be released as soon as the German peace treaty is ratified by three of the great powers. He said he believed it would not be necessary to await American ratification of the treaty.
